

# Bell 412 Air Conditioner

Developed by Air Comm Corporation

## Bell 412 Air Conditioner System

Air Comm produces the only field-proven air conditioning system for the BELL 412.

### SPECIAL FEATURES

- 36,000 BTUH
- 85 amps @28VDC
- 170 lbs. (77.3 kg)
- Electric bypass valve eliminates clutch cycling
- Leak-proof Torq-Lok refrigerant fittings with light weight aluminum plumbing
- Fresh air ventilation
- Low noise level
- Eliminates water/mist leakage and high maintenance costs associated with bleed air ECUs
- Performance proven in world's harshest conditions

ACC Is Your Best Choice. Here's Why We're America's Leader.

ACC products and technical support set the industry standard; our leading edge design, operating efficiency and factory service optimize system performance with minimal maintenance.

- Proven performance worldwide
- Comprehensive, user-friendly installation drawings
- ACC installation technicians available for training & support worldwide
- Outstanding product support
- Lighter weight

## ACC Air Conditioner Technology Leads the Industry

### STATE-OF-THE-ART SYSTEM

**Vapor Cycle Air Conditioner**  
Hi-performance cooling system  
Only 6HP power requirement
